

David Francis Joins Culbert Healthcare Solutions' Leadership Team as Senior Vice President of Management Consulting Services

Healthcare Executive Deepens Firms Executive and Operations Expertise to Address

Healthcare Organizations' Dynamic Needs

Boston, MA – April 27, 2021 – [Culbert Healthcare Solutions](#), a management consulting firm serving healthcare organizations, today announced the appointment of David Francis, MHA as Senior Vice President (SVP) of Management Consulting Services. David brings more than 25 years of Healthcare Leadership experience spanning clinical operations, practice management strategy, and revenue cycle operations. In his new role, he will be responsible for the growth and delivery of our management consulting suite of services which includes patient access transformation, revenue cycle advisory and, interim management.

“We are honored and excited to welcome an executive such as David to the team,” said Rob Culbert, Culbert’s Founder & CEO. “David brings a unique perspective in terms of strategy and operational leadership to both our firm, and to our client base. As providers continue to recover from the economic impacts of the COVID pandemic, David’s experience with for-profit organizations has benefitted our clients using data driven strategies for performance improvement, particularly in the area of patient access optimization” added Brad Boyd, Culbert’s President.

Before joining Culbert, Mr. Francis most recently served as Chief Operating Officer for Steward Medical Group (SMG) at Steward Health Systems, the nation’s largest privately held integrated health system. In this role, David oversaw more than 400 physician practices with over 2,000 employed providers across 12 states, who generated in excess of \$740M in net patient revenue. David’s responsibilities included quality performance, which landed Steward as the #2 ranked Accountable Care Organization in the country. Prior to SMG, David held positions at Steward as Vice President of Practice Management and SVP of the Physicians Organization at Care New England in Providence, RI, and Director of Billing Operations, Compliance, and Desktop Support at Brigham and Women’s Physician Organization.

“I am very pleased and proud to be joining an organization with such excellent leadership and employees dedicated to delivering services that improve access and the delivery of healthcare services, which will improve patient care.”, said Francis.

Mr. Francis completed his master’s in healthcare administration at Simmons College in Boston. Prior to his experience in the civilian health care sector, David spent eleven years in the United States Coast Guard in health care services treating and supporting active-duty military and their dependents.
